Being born in a small village named Vengampet in Tamil Nadu, my primary education was completed in my village itself. To speak out rightly, I used to walk 4 km every day to reach a nearby village to complete my High school education. I accomplished Intermediate and my graduation B.Sc., in Andhra Pradesh. Later I pursued my post-graduation, M.Sc. in Analytical Chemistry in Sri Venkateswara University. I could do my professional courses B.Ed., & M.Ed. through correspondence course in Annamali University. I cannot feign ignorance that I have come from rural background.

I got the privilege of joining JNV after completion of Diploma in Environment (DEE) and Master Diploma in Software Application through CCE, Ahmadabad and IC&C. To the cognizance of all I am immensely glad to say that I have put up 22+ years of teaching experience in which 15 years as a PGT in Chemistry in JNV, Beed (M.S.) & JNV, East Godavari (A.P.)

In 2006, I was promoted as a Vice Principal and posted in JNV, Betul (M.P.). My second place of appointment is JNV, Lepakshi, Ananthapur Dist., I Joined JNV Ananthapur on 2nd April 2012. In this long journey, I perfected, honed and trained my students to my best abilities with all the skills to become befitted young men and socially acceptable citizens of India. Most of my ex-students are well settled in different countries.

I am producing quantitative and qualitative results to the vidyalaya every year. In addition to this, my students participated in Jawaharlal Nehru National Science Exhibition in 1994 and brought laurels to the vidyalaya. Two my students presented a paper in Amrutha Vidya Peet in Coimbatore to the credit of the vidyalaya.

In this connection, I would like to enumerate a few National Awards I got for my promising performance in this tenure. It is as follows:

| | | |
|-----------|--|--|
