

Welcome to JNV Lepakshi Alumni Association

Alumni association is a warm trend in JNVs to make use of the resources and experience of its ex-students. This has become a source of strength for the vidyalaya for addressing themselves with the knowledge of the world and their future career. Favour rendered by the association is duly acknowledged. www.jnvlaa.org

About JNV Lepakshi Alumni Association

The JNVL Alumni Association (JNVLAA) was started with the core objective of keeping the spirit of brotherhood alive among all the present and ex-students of our school. Through this portal we hope that we can create a medium by which old friends, lunch break buddies and former class mates could once again rekindle the memories of the good old days which they spent while studying in our illustrious school. Through this portal all ex-students will be able to find long lost buddies and contact them as well as get a gist of what each of them have been up to. Interaction is easy here as we use the latest in technology to bring you closer to your school even if you are miles away. Feel nostalgic as you read and post comments, see pictures of your friends as well as your school, get information and attend latest events and reunions, and much more!

And that's not all! We decided to make use of our 'force' to do good for the society we live in. Let's start with giving petals, if not flowers. Our Mission is 'to give back to the society, for making us what we are today'. Our Vision is 'to make the world a better place for all with what little we can do'.

We have high aims to work by this platform to work from and old mates to work with. We raise funds, conduct programs and events for the benefit of our member families and the society at large. We are simply a means for our members to reach out those who require help and assistance at that critical point and crucial hour. We feel blessed when we see the thankfulness on the part of the giver and gratitude in the eyes of the receiver of the help.

We want you too to join us in this good work...
